

Ages 12 to Adult
For 2-4 Players or Teams

THE CONTENTS

600 Questions - 75 Cards each of the following categories; *YOU'RE ON STAGE*, *MOSH PIT*, *REAL NAME*, & *ONE HIT WONDER* and 150 Cards each for the 80's & 90's categories, Game Board, 4 Game Pieces, 1 Die.

OBJECTIVE:

Be the first player to reach and answer a question correctly from the *YOU'RE ON STAGE* category. To reach the *YOU'RE ON STAGE* space you must roll the exact number. If you answer incorrectly, you must return to the space you came from and wait for your next turn.

NOTE: Though the layout of the game path was designed to level the playing field for all ability levels, if agreed upon, feel free to give hints to the less musically inclined players and perhaps challenge the well versed players by NOT reading the multiple choice answers.

PLAYING THE GAME:

Place the game pieces on **LET'S ROCK! (You Roll!)**. Each player or one player from each team roll the die. Player or Team with the highest number will go first. If tied, roll again. Continue play in clockwise order. Player or Team 1 rolls the die and advances forward that amount. If you land on a category, follow the instructions for that category explained below. You must answer a question correctly to advance on this turn. If you answer incorrectly, play goes to the next player or team. On your next turn, with the exception of the *MOSH PIT*, you do not have to answer a question correctly from the category that you currently occupy to advance. Simply roll the die and continue play. Some spaces do not have category questions. If you land on one of these, simply follow the directions of that space (i.e., *Bad Hair Day!*, *No Dissing!*).

REST ONE TURN AND SKIP A TURN SPACES:

If you land on any of these spaces do not answer any question, just rest. Play proceeds with player or team in clockwise order. On your next turn, roll the die and continue play.

ROLLING BACKWARDS:

Whenever you are instructed to roll backwards do so and wait for your next turn, **UNLESS** you are sent into the *MOSH PIT*. If you are sent into *MOSH PIT* continue play by following the instructions in the *MOSH PIT* section below. Otherwise, do not answer any questions. On your next turn, roll the die and continue play (You do not have to answer a question on the space you currently occupy. You have already paid a penalty by losing a turn).

YOU PICK

Choose any category except *YOU'RE ON STAGE* or *MOSH PIT*. If you answer correctly, roll the die and continue play until you answer incorrectly or land on a space that directs you otherwise.

OPONENTS CHOICE

Your opponent to your left gets to choose any category except *YOU'RE ON STAGE* or *MOSH PIT* for you to answer. If you answer correctly, roll the die and continue play until you answer incorrectly or land on a space that directs you otherwise.

FREE ROLL

Self explanatory!

80' & 90's

The questions for the 80's and 90's cover the the music and culture of both decades. If you answer correctly, roll the die and continue play until you answer a question incorrectly or land on a space that directs you otherwise. If you land on a **MOSH PIT** space, follow the instruction for that category.

MOSH PIT

This category covers questions pertaining to live concerts, live albums, and live events from the 80's & 90's. If you land on this space, go to the **MOSH PIT** area in the center of the game board. Attempt to answer a question from this category. If you answer correctly, return to the **MOSH PIT** space on the game board from which you came from and roll the die. If you roll an **even** number, move **FORWARD** that amount and continue your turn until you answer a question incorrectly or land on a space that directs you otherwise. If you roll an **odd** number move **BACKWARDS** that amount and **WAIT** for your next turn. You are not allowed out of **MOSH PIT** until you have answered correctly.

REAL NAMES

Some artists were born with names other than their professional name. This category reveals their original identity. If you answer correctly, roll the die and continue play until you answer incorrectly or land on a space that directs you otherwise. If you land on **MOSH PIT**, follow the instructions for that category.

ONE HIT WONDER

This category covers questions in which the artist or group made Top 40 pop charts. Some may have charted under another name or with another group, but for this game it will be considered their only hit. If you answer correctly, roll the die and continue play until you answer a question incorrectly or land on a space that directs you otherwise. If you land on **MOSH PIT**, follow the instructions for that category.

YOU'RE ON STAGE

This category covers questions from the various music industry awards (i.e., Grammy Awards, MTV Awards etc.). You must roll the EXACT number to reach this space (i.e., if you are 3 spaces away and you roll a 4, you must wait until your next turn). If you roll the exact amount, and answer the question correctly - Congratulations! You are the winner! If you answer incorrectly, go back to your previous space and wait for your next turn. Continue play until one player or team lands exactly on the **YOU'RE ON STAGE** space and answers correctly!

LET'S ROCK!!

**The questions from the different eras are based on the U.S. pop charts.
