

For 2 or more individuals or 2 or more teams:

OBJECT OF THE GAME

Players must correctly identify the Saying from the ReFraise™. Example: "Silent Night" is the correct answer to the ReFraise™ "Quiet Evening".

START OF PLAY

The first team (or player) selects a card and reads the ReFraise™ aloud. The other teams must guess the correct Saying from the ReFraise™. The first team to identify the Saying receives 10 points. A hint is included that identifies it as a phrase, quote (author named), or slogan (company given). If the teams are unable to identify the Saying, they may ask for the hint to be read. Once the hint is read, the correct answer is worth only 5 points. If no one is able to identify the Saying in 30 seconds (timer included), then 5 points are awarded to the team reading the question. In the event that more than one team identifies the Saying at the same time, then 5 points are awarded for each correct answer. The teams take turns selecting and reading the ReFraise cards.

OPTION: Deduct 5 points for an incorrect answer.

OPTION: No 30 second time limit.

WINNING THE GAME

Play continues until one of the teams or individuals reaches 100 points.

OPTION: The game can be played for a predetermined amount of time (example ½ hour), and the team with the most points at the end of that time is the winner.
